

Instructions to Sync Course Media to Your IPOD

Step 1. Go to the Media Folder under lessons. As displayed in the picture below, you can see the folder has 2 IPOD pages. Any page in the media folder with IPod in the name can be synced to the IPod. For instructional purposes, we will go to the IPod MP3 Page.

Step 2. Click on Sync to IPod.

Click on "Sync to Ipod"
This will open up iTunes

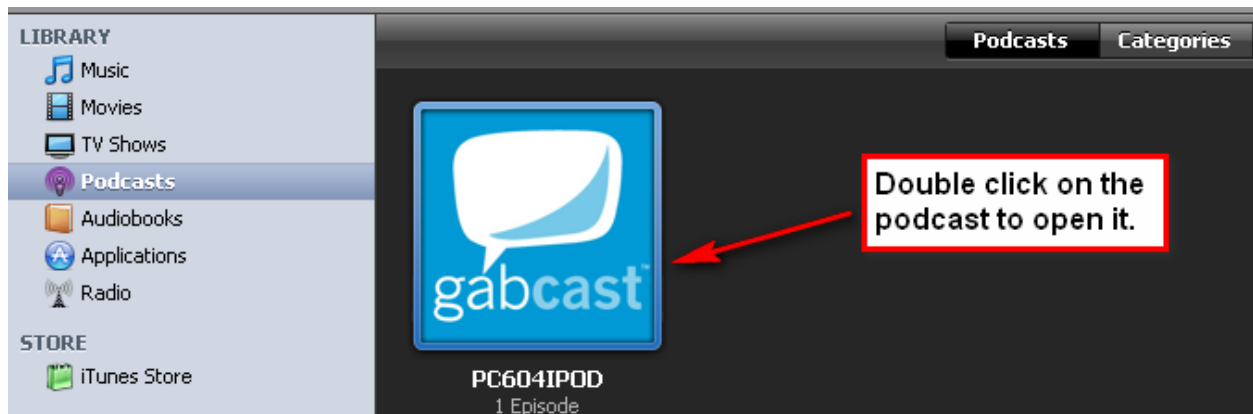

A screenshot of the 'PC604IPOD' interface. The header shows 'PC604IPOD' and 'Options'. Below the header, there are two course media items:

- PC604_Introduction**
00:00 , Fri, 29 May 2009 16:46:41.0800000
- PC604_Module1A**
00:00 , Fri, 29 May 2009 16:47:07.2370000

Step 3. With iTunes open, click on Podcasts.

Step 4. As you can see, by clicking on “Sync to iPod” on the iPod MP3 page, a podcast has been created in iTunes. Double click on the Podcast.

Step 5. Click “Get” to download a single file, or you can click “Get All” to download all of them.

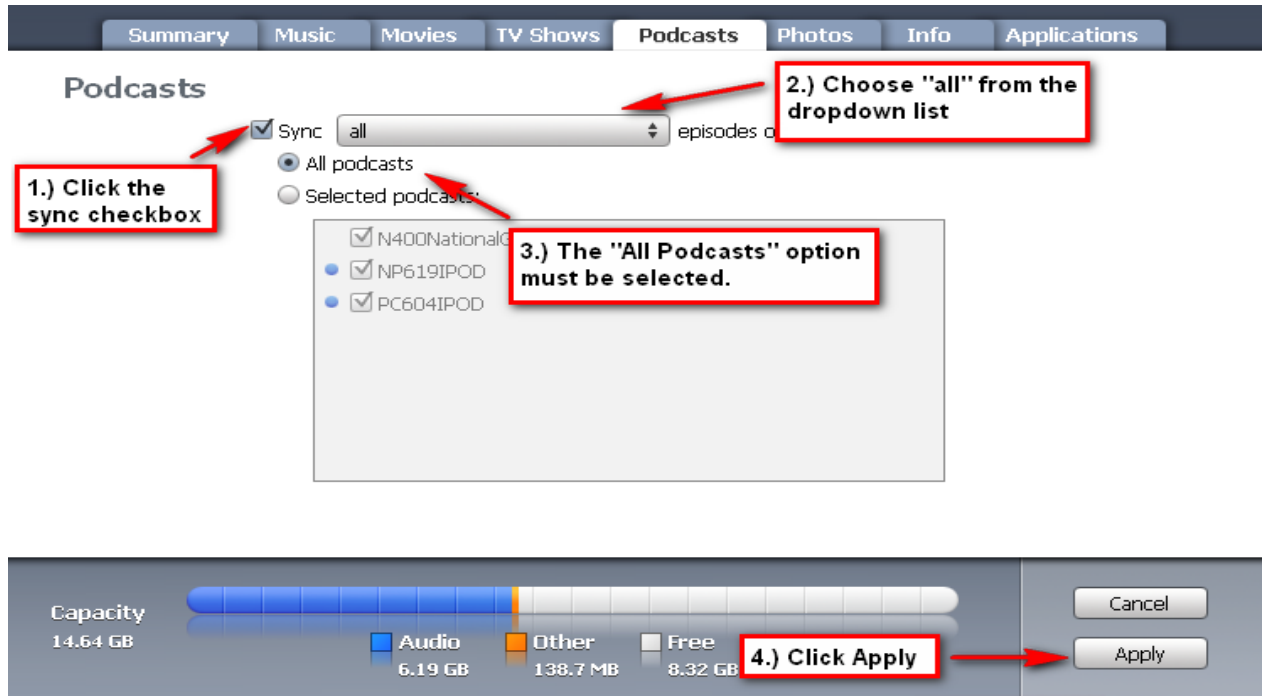

Step 6. Connect your iPod to your computer using the iPod sync cable. When connected successfully, your iPod will appear under “Devices”. Click on your device, and then click on the Podcasts tab.

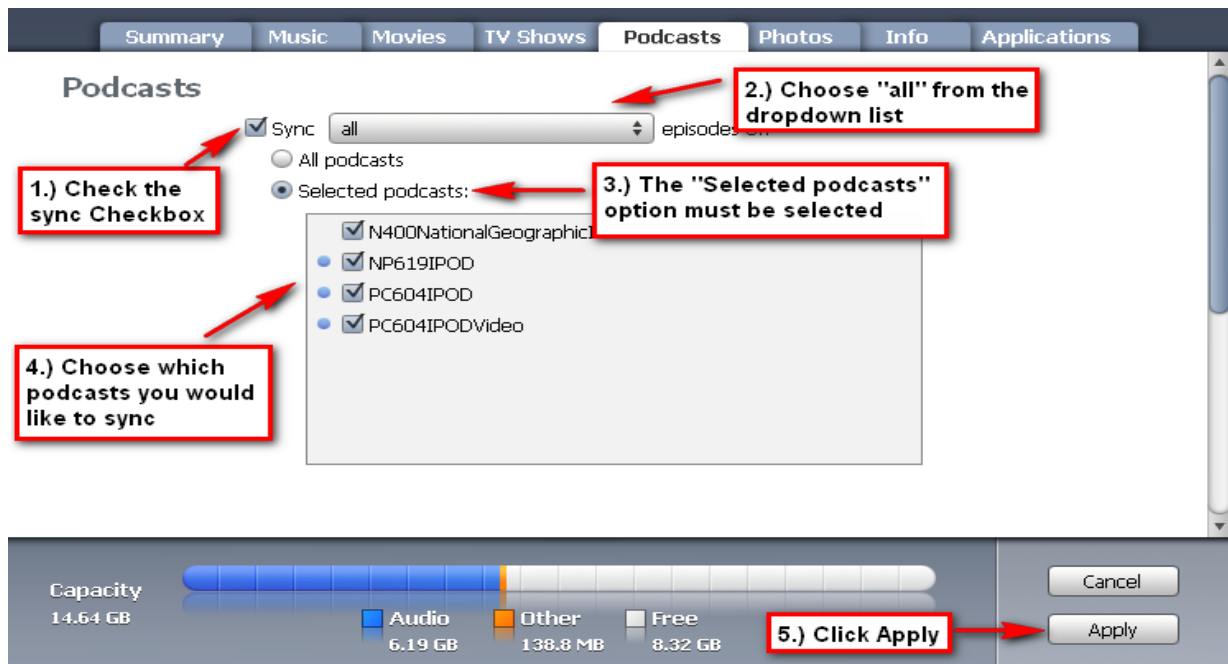

Step 7. To enable your iPod to sync all or specific podcasts, please follow the directions below.
